Dear Bryan,

On behalf of the Board of Directors, I want to thank you for your generosity and outstanding performance with regard to the design of our new website www.gfnf4kids.org.

Wow, I don't know where to begin! From the first day we met to discuss the 'look and feel' of the site, you were absolutely tuned in to what we would need and the image we wanted to project. Your insight, creativity and professionalism are extremely impressive. I've worked with many design teams, developers and technologists in the past and must say working with you was by far the most enjoyable. You and your team were quick to answer questions, provide suggestions, and extremely responsive to our needs.

I'm excited about the launch of "Phase II" of our website. Again, thanks to you and your suggestions we are able to continue to enhance our website and online capabilities in phases. Meaning, this can be done as we secure additional funding.

I can't thank you enough for all you've done to help us develop an awesome website and one with many capabilities and functionality. I look forward to our continued business relationship. You're the best!

Sincerely,
